

The Disappearance of the Sun and the Moon

PARTICIPATORY STORY - ENRICHING

Story Base

Long long ago, in Bucharest, the **Zmeus** stole the moon and the sun, **plunging** the world into **darkness**.

Gresenu and his brother went after Zmeu and his family to take the stars back.

The monsters chose to go back to their home separately to escape capture.

First Gresenu and his brother killed the Zmeus' son, then the mother.

They tricked the father and stole its little finger to open the tower where the sun and the moon were hidden.

But the daughter was hidden there and attacked them. Gresenu used a ruse and killed the daughter, defeating the whole Zmeus' family.

They met one more enemy on their journey: this time, a thief. He tried to steal their victory in front of the king, but the king recognized Gresenu and **rewarded** the brothers.
